

Kawartha Lakes Flying Club General Meeting September 13, 2017

Meeting started at 7PM local and ended at 9PM, 41 Attended.

President Bob Burns welcomed everyone to our September 13th KLFC meeting.

New member Glen Wright was introduced. Great to have you as a member of our club Glen.

Bob stated that the last members meeting was in June and that the minutes had been sent out with no comments from the membership.

It was announced that the club's financial position was positive and members wanting to know exactly should ask treasurer Al Darling.

Bob read Doug Erlandson's email telling us about the KLMA Core Review that was presented to Kawartha Lakes City Council on Tuesday September 12th. "Several councillors and the Mayor spoke strongly in favour of the airport. There were very few concerns expressed. Based on a motion by Councillor Steve Strangway, Council received the report and endorsed the recommendations put forwarded in the report which is to maintain status quo and plan for the future by funding soft costs such as plans, studies and design."

Bob Hunter also contacted myself to give us this same positive information.

Bob Burns told the members that November's KLFC meeting is on November 1st and is our annual meeting which we elect our executive.

Anyone who would like to be on, or has thought about being on the

KLFC executive please let us know. New people, new ideas are good in a club such as ours. Al Darling will give us a year end financial statement at the annual meeting in November. Our year end financially is October 31st.

Video by Rick Carpenter “Vimy” was shown and received with great applause. The video was very professionally done and is a great keepsake of the story of Vimy and the Birth of a Nation Tour that came to CNF4 July 3rd and stayed until July 4th. Thank you, Rick.

Presentation by John Ferguson, CASARA” was received well and had great reviews after the meeting. The presentation was very informative on how to help CASARA find you after an accident and how to survive until they do. Make a note in your flight log book you attended this CASARA presentation by John Ferguson and you are good for your two-year recency requirement. I would just write “CASARA John Ferguson September 13, 2017”

The next KLFC meeting is October 4th. Presentation by Nav Canada’s

Rob Elford. “Flight Planning and Notams” This is approved for a two-year recency sticker.

Paul Waghorn from Lindsay is a new KLFC member, welcome Paul.

Minutes compiled by Bob Burns in absence of Jim Baldwin KLFC Secretary.
