Bob Burns thanked Flavelle Barrett for his many years of dedicated work for KLFC while on the executive.

Flavelle and Elizabeth are building a new home next summer and will be very busy, but Flavelle says he will squeeze in some flying.

The guest speaker for the evening was George MacArthur, a violin bow maker who has a passion for mechanical projects. He has been working on a human powered flight machine for several years. The premise for his machine is a radical approach to lift versus drag which is too lengthy and detailed to be outlined in this communiqué.

Thank you, George for an insight as to your aspirations in the field of flight.

Please remember that the club **Christmas Dinner/Dance** is taking place **December 8th** at the **Lindsay Golf & Country Club**

Next meeting will be January 9, 2019 – Nav Can Seminar
